

Green^r GRASS

Capri 50mm

www.GreenrGrass.co.uk

Capri has the appearance of a thick, healthy lawn without the maintenance. The technology built into this grass really makes it stand out. It's multi coloured yarn gives the grass a well maintained, realistic lawn look. While the C&W shaped yarn allows the grass to spring back into its original position while simultaneously diffusing the sunlight to keep the grass temperature as low as possible.
